

dendritic cell differentiation

myeloid dendritic cell activation

myeloid dendritic cell differentiation

myeloid leukocyte differentiation

myeloid cell differentiation

myeloid leukocyte activation

protein homooligomerization

lymphocyte chemotaxis

response to interferon-gamma

chemokine-mediated signaling pathway

lymphocyte migration response to chemokine cytokine secretion

leukocyte chemotaxis cellular response to chemokine

regulation of secretion of lysosomal enzymes

cell chemotaxis

regulation of inflammatory response

adaptive thermogenesis

behavioral response to chemical pain

pvalue

0.002

0.004

0.006

protein homotrimerization

behavioral response to formalin induced pain

protein trimerization

regulation of cytokine secretion negative regulation of peptidyl-tyrosine phosphorylation B cell chemotaxis cytokine-mediated signaling pathway

negative regulation of endothelial cell chemotaxis

multicellular organismal homeostasis

negative regulation of endothelial cell chemotax's negative regulation of hypersensitivity negative regulation of T cell differentiation regulation of interleukin-2 production type IV hypersensitivity negative regulation of lipid transport

negative regulation of lymphocyte differentiation regulation of cell-cell adhesion negative regulation negative regu ative regulation of cell activation regulation of regulatory T cell differentiation

negative regulation of leukocyte cell-cell adhesion gative regulation of T cell activation regulation of type IV hypersensitivity

negative regulation of leukocyte activation negative regulation of cell-cell adhesion

negative regulation of interleukin-2 production negative regulation of lymphocyte activation

regulation of acute inflammatory response T cell activation interleukin-2 production

gastrin-induced gastric acid secretion

lymphocyte differentiation

T cell differentiation

calcium-mediated signaling

cytotoxic T cell differentiation

atrial cardiac muscle cell differentiation

atrial cardiac muscle cell development

habenula development

epithalamus development

response to corticotropin-releasing hormone
